

Veterinary Visit Summary

This document contains fictional test data created for LifeLens ingestion and retrieval testing.

Pet

Milo - 5-year-old Labradoodle

Owner

Maya Sharma

Clinic

Sunnyvale Pet Care

Visit Date

January 15, 2026

Reason

Annual wellness exam and vaccinations.

Care Provided

Physical exam completed. Rabies booster and DHPP booster administered. Heart and lungs were normal on examination.

Recommendation

Continue monthly flea and tick prevention. Schedule dental cleaning within the next 6-9 months because moderate tartar was noted.

Weight

52.4 lb

Total Paid

\$214.60
